YESTech Wins 2007 Service Excellence Award for Second Year in a Row

YESTech Once Again Honored With Circuits Assembly's Highest Honors for Test and Inspection Equipment

San Clemente, CA – March 6, 2007 – YESTech, a leading supplier of yield enhancement solutions for the electronics industry, has for the second year in a row, was awarded the coveted Service Excellence Award for 2007 from Circuits Assembly Magazine, which was announced on Wednesday, February 21, 2007, at the APEX Expo in Los Angeles, California.

Circuits Assembly has sponsored the awards program for 15 consecutive years by recognizing companies that receive the highest customer service ratings, as judged by their customers. In a ceremony at this year's APEX show, YESTech was once again honored for its outstanding customer service achievements in the field of Test and Inspection Equipment.

"We are very pleased to be recognized by our customers and Circuits Assembly Magazine", said Don Miller, YESTech's President and CEO. "From the beginning, our focus has been on our customers and providing them with innovative inspection solutions along with the desired support to fully realize the benefits of the technology we offer. Our commitment to service will remain constant", added Miller.

At the APEX 2007 show, YESTech introduced several new products, including the X1 automated x-ray inspection system and the B3 Benchtop AOI system with new Fusion Lighting.
